

PARTNER WITH ATHENS

The Benefits of a Long-Term Agreement

We understand the critical importance of reliable, highly-pure, highly-active proteins for your manufacturing and research needs. A long-term supply agreement with Athens can improve your access to top-quality protein products in numerous ways.

Guaranteed Product Availability

- Priority access to Athens products critical for your operations
- Guaranteed availability based on your committed annual volumes
- Protection against potential supply chain disruptions

Preferential Pricing

- Protection against price fluctuations and price increases during the contract period
- Preferential pricing based on annual volume commitment
- Additional discounts available for longer-term commitments

Flexible Payment Terms

- Extended payment terms (e.g., Net 60 or Net 90)
- Potential for customized billing cycles to align with your cash flow

Enhanced Support

- Priority access to technical and scientific support
- Priority access to new product developments
- Opportunities for collaborative research and development

Customization & Control

- Work with our scientists to create protein solutions for your exact production requirements
- Reserve single lots for multiple future purchases
- Purification of new proteins for your upcoming projects

Next Steps

We are eager to discuss how a long-term supply agreement can be tailored to your specific needs. Our team is ready to:

- 1 **Review your historical purchase data**
- 2 **Discuss your projected needs**
- 3 **Create a customized agreement that maximizes value for your organization**

Leave the work to the experts. Entirely.

Outsource all of your protein purification to Athens. Leverage our expertise and operational scale in purifying native proteins for hundreds of clients globally. Reduce your capital and operating costs, free up manufacturing space and personnel, stop worrying about your supply chain.
