

Product Datasheet

Product:	Transferrin, Cynomolgus Monkey
Catalog #:	16-16-032001-CM
Form:	Lyophilized
Available Packaging:	1 mg and 5 mg. Large aliquots are available upon request.
Buffer:	Lyophilized from 20 mM phosphate, pH 7.4, with 150 mM NaCl
Purity:	≥ 95% by SDS-PAGE
Molecular Weight:	80,000 Da
Protein Determination:	Biuret Method
Storage/Handling:	≤ -20 °C
Stability:	> 1 year
Source:	Monkey Plasma
Testing:	Monkeys were individually tested for B-Virus (Herpes Virus Simiae) and found to be negative.
